New Member Orientation

FY24 RSWMCC Meeting Dates:

- February 21, 2024 – Virtual
- May 15, 2024 – Virtual
- August 21, 2024 – NCTCOG Offices

[FY24 Roster](#)

[Bylaws](#) (Committee Procedures)

New Member Orientation

- Voting membership structure
 - 8 - Phase I permanent seats,
 - 12 - Phase II elected Watershed Representatives
 - 3 East Fork, 3 West Fork, 3 Elm Fork, and 3 Mainstem
 - Hold seats for a 3-year term
- Designated alternates

New Member Orientation

Subcommittees:

Public Education Task Force ([PETF](#))

- Meets quarterly on third Wednesday in months of **October, January, April, and July**
- **Purpose:** To create unified stormwater public education message for the region, while maintaining the uniqueness of individual municipal programs. Promotes municipal stormwater public education in region through the exchange of experience, and to explore, develop and implement opportunities for mutual cooperation.

Pollution Prevention Roundtable ([P2](#))

- Meets triannually in months of **December, March, and June**
- **Purpose:** Oversee programs that help cities to 1) prevent or reduce pollutant runoff from municipal operations including streets, highways, municipal parking lots, maintenance facilities, storage yards, and waste transfer stations. 2) Remove floatables and other pollutants discharged from storm sewers and develop procedures for proper disposal of these wastes.

New Member Orientation

Subcommittees:

Illicit Discharge Detection and Elimination Roundtable ([IDDE](#))

- Meets triannually in months of **December, March, and June**
- **Purpose:** Provide regional cooperation and initiatives focused on illicit discharges, as well as to share ideas, questions, and challenges faced in managing local programs. Prioritizes regional training workshops, as well as the development of resources identified by the IDDE Roundtable.

Regional Stormwater Monitoring Task Force

- Meets on an as-needed basis.
- **Purpose:** Provides oversight and direction regarding the stormwater sampling activities conducted under the NCTCOG Regional Wet Weather Characterization Program (RWWCP). The RWWCP is managed by NCTCOG on behalf of the Phase I Municipal Separate Storm Sewer System (MS4) entities in the region.

Officer Election Results

- Congratulations to Perry Harts, City of Frisco, on appointment to the Vice Chair position for FY24.

FY24 Invoices/Cost Share

- Fiscal Year 2024 cost shares amounts remain same as FY23
- Cost share webpage has been retired - Invoices mailed out to region early October
- ILA amendments and LOAs in process for those in need of one

Need assistance with an invoice, ILA, or LOA? Please contact Crysta Guzman, cguzman@nctcog.org.

Cost Share Program Subcommittee

- Objective: Discuss suggestions by subcommittee with members
- Goal: Vote for final Cost Share approach at February 2024 RSWMCC meeting

Why Are Stormwater Cost Share Updates Needed?

- Dated budget share amounts - current calculation is out of date:
 - Can be traced back to 2006-2008
 - Based on 2005 pop. estimate for municipalities, 2000 unincorporated pop. for counties
 - 2020 Census and 2045 COG estimated data is now available
 - Need to take growing population into account
 - Not all cities were included – calculation was based on participation by original 66 entities
 - Handful no longer participate, have been replaced by others
- More active Council and Subcommittees = More COG time and effort
- Labor portion of budget unchanged, only Fringe and Indirect have increased

Staff Recommendations

- Keep a minimum cost share based on a population size below a set threshold
 - Currently \$500. Propose \$550.
- Keep a set amount for non-municipal agencies (NTTA, DART, DFWIA)
 - Currently \$3,311 - Phase I and \$2,430 - Phase II. Propose \$3,500 - Phase I and \$2,500 - Phase II.
- Cap how much an entity pays at \$35,000, despite how changes to population or other factors may influence an increase.
- Convene the Cost Share Subcommittee to review cost shares and population changes with every census or on a 5-10 year basis.

FY23 Participation Breakdown

Phase 1

8 Entities

\$106,470

Phase 2

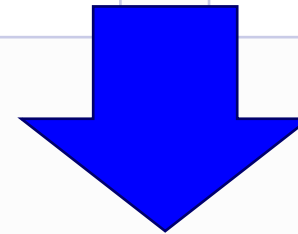

49 Entities

\$190,622

Phase 2 - County

6 Counties

\$17,641

All Phase 2

\$208,263

Discussed Options

A) *Update Population Data*

- Formula calculation is unchanged, but the population data is updated, where either a **target number (58 entities)** or a **historic average number (53 entities)** of member governments participate

B) *Tiered Population System*

- Current formula calculation is eliminated and replaced with a tiered population system where a ~~target number (58 entities)~~ or a ~~historic number (53 entities)~~ of member governments participate.

C) ~~*Straight 10% Increase*~~

Example of Tiers

Non-Municipal Agencies		
Population	Cost Share Proposed	Entity Type

DALLAS-FORT WORTH AIR QUALITY IMPROVEMENT PLAN

The North Central Texas Council of Governments is collaborating with local stakeholders in the Dallas-Fort Worth region to develop a comprehensive Air Quality Improvement Plan (DFW AQIP). The plan will create a roadmap to improve air quality, protect public health, and reduce the impacts of extreme weather events.

Your input is requested and important!
Please go to www.publicinput.com/dfwAQIP to make recommendations, attend an open house, and more.

FOCUS AREAS:

Transportation

Energy

Solid Waste

Water

Written feedback can be mailed to Savana Nance, Senior Air Quality Planner 616 Six Flags Drive, Arlington, TX, 76011. This work is funded by the Environmental Protection Agency's Climate Pollution Reduction Grants: Planning Grants.
